THE G.T.P. WILL BUY 600,000 RAILWAY TIES

Will Purchase Them in Alberta, Which Will Mean Disbursement of Large Sum of Money.

The Grand Trunk Pacific, through F. Crandall, purchasing agent for ties and timber for the divisions west of Winnipeg, is advertising for 600,000 railway ties. Offers for same to be received at the divisional offices at Edmonton from points on the C. N. & E. 100 miles south of Edmonton, from points in the C. N. E. 100 miles north and east of the city, from points along the line of the T. P. to the Midland river, for 100 miles west of the city and in the immediate vicinity of the city.

These ties will be purchased in Alberta if it is possible to secure them and the immense sum of money so presented in their purchase will have an appreciable effect on the money prosperity within the province. The ties will be delivered in Edmonton during the winter. Tendered in the form of spruce ties will be accepted. The standard tie is 7 inches on the face and 7 inches thick. The second class tie is 6 by 6.

But the G.T.P. will purchase "made in Alberta" ties if they can do so within reason. Mr. Crandall, purchasing division covers the Prince Albert district, and he is expected to be in the city on Sunday, when he will put up under contract the number of ties as will be purchased here. The ties purchased in the Prince Albert district will be used from Saskatchewan to Edmonton.

Phoenix Mixture Are in Trouble.

Edmonton, Dec. 6.—The Phoenix Mixture, which supplies the Granby smelter with ore, last night suffered a reduction in water by the Granby, a breach of faith, because the company agreed to make no alteration in the wage scale without first communicating with the union. The mine is closed by unanimous vote not to accept the reduction. The company expects to start work tomorrow, but sufficient men do not show up for employment, the properties will remain closed for some months.

LOYDMINSTER.

Bulletin News Service.
Municipal nominations passed off very quietly here today, Mayor and all of last year's council being returned by acclamation, except Mr. Adam, who retired. Mr. Shin took the seat of Mr. Adam. The council of 1907 have been very well, and the public generally are well satisfied as to day's results show.

A Liberal Association has been formed at Blackfoot for that district. The meeting was held in the public hall and was largely attended by the settlers. The officers elected are: President, Geo. H. Oranger; Vice-President, F. B. Turner; Secretary, Geo. H. Oranger. After the election of officers, Geo. H. Oranger and John H. Abel were chosen delegates to the convention at Vegreville.

GOVERNMENT TO TAX C.P.R. LAND.

(Continued From Page One.)

The elections of the early days. He stated Hon. Frank Oliver as the father of Liberalism in Alberta. He was on the floor of parliament and through his newspaper had done more to make public opinion in Alberta than any other individual in the province. The Liberal party had an absolute record in Alberta, which was largely due to the political rectitude of Hon. Frank Oliver. He paid a due tribute to Mr. White's sturdy Liberalism, and many thanks that present success for him at the polls.

The policy of the legislature of Alberta, since the late Mr. Oliver, has been to support the members of the legislature who were in the province. The Liberal party had an absolute record in Alberta, which was largely due to the political rectitude of Hon. Frank Oliver. He paid a due tribute to Mr. White's sturdy Liberalism, and many thanks that present success for him at the polls.

Mr. F. W. Walker, M.P. for Victoria, spoke in generous terms of the Liberal party. He stated that the Liberal party had an absolute record in Alberta, which was largely due to the political rectitude of Hon. Frank Oliver. He paid a due tribute to Mr. White's sturdy Liberalism, and many thanks that present success for him at the polls.

Mr. White was received with applause. He thanked all present for the honor they had conferred on him in selecting him as the Liberal candidate. He stated that the Liberal party had an absolute record in Alberta, which was largely due to the political rectitude of Hon. Frank Oliver. He paid a due tribute to Mr. White's sturdy Liberalism, and many thanks that present success for him at the polls.

Eleven Years of Liberal Rule. This was the first of the principal topics of the evening, and was given by Mr. White. He stated that the Liberal party had an absolute record in Alberta, which was largely due to the political rectitude of Hon. Frank Oliver. He paid a due tribute to Mr. White's sturdy Liberalism, and many thanks that present success for him at the polls.

The chief test of the success of a party is the way it treats the people. The Liberal party has always been true to this principle. He stated that the Liberal party had an absolute record in Alberta, which was largely due to the political rectitude of Hon. Frank Oliver. He paid a due tribute to Mr. White's sturdy Liberalism, and many thanks that present success for him at the polls.

Dealing with Mr. Brown's tour in the West and his silence on the tariff, the speaker showed that little could be said by Mr. Brown. He stated that the Liberal party had an absolute record in Alberta, which was largely due to the political rectitude of Hon. Frank Oliver. He paid a due tribute to Mr. White's sturdy Liberalism, and many thanks that present success for him at the polls.

The Liberal government extended the operation of the tariff beyond the limits of Canada, taking in the Mother Land and colonies of the Empire. As a result trade with the Mother Land gave a stimulus to Canadian trade, unknown in the days of the old national policy.

The second test of a party's success in the government of the country was the development of its resources along sound economic principles, transportation facilities and the promotion of immigration. In proof of this, Mr. White stated that the Liberal party had an absolute record in Alberta, which was largely due to the political rectitude of Hon. Frank Oliver. He paid a due tribute to Mr. White's sturdy Liberalism, and many thanks that present success for him at the polls.

LABOR SUFFERS BY THE STRINGENCY

Thousands Have Been Laid Off in the United States as a Result of the Financial Panic.

Statistics compiled by the New York Journal of Commerce show that since the depression began 175,000 employees have been discharged by industrial, mercantile and railroad companies. The second is necessarily incomplete, since many concerns have quietly reduced their forces without allowing the fact to become public, a representative body of engineers estimate the total at quite 200,000, and it is safe to accept this figure as being well within the mark. Many enterprises have either closed temporarily or reduced working hours, and a list of these has also been drawn up.

Unskilled labor, on the other hand, is suffering at a rate hitherto unknown to American history, so that the ranks of the unemployed are there by approximately reduced. Yet no such claim is implied that the liquidation now fairly under way will lead to over-supply, which must in time mean competition and lower wages. The financial upheaval is a very real thing, affecting itself to every industry, and consequently to every strata of society.

The following table summarizes the unemployment in labor by the interests specified.

Iron and steel	40,000
Electric industry	10,000
Equipment companies	15,000
Textile mills	15,000
Battle copper districts	15,000
Other copper camps	12,000
Department stores	25,000
Miscellaneous industrial	15,000
Railroads terminating Chicago	30,000
Other railroads	14,000
Terminal work New York	5,000
Total	175,000

In the steel industry, so thoroughly engaged in the steel industry that competition is not likely to be allowed to demoralize prices or to play the market. There was a more remarkable example in the annuals of American industry than this held in New York last week under the aegis of the United States Steel Corporation, when it was unanimously decided to restrict output, maintain prices and refuse except in exceptional circumstances to accept cancellations. Here was represented 90 per cent. of the country's production of steel.

In the electric industry, the industry—agriculture is not included in any part of this article. Trade misgivings of vital moment were discussed and agreed upon amidst perfect harmony, demonstrating with unparallelled force the power of cooperation—whether for good or evil is not under consideration. In pursuance of the policy adopted, individuality is given the keynote throughout the whole industry. The steel trust, so far as can be learned, has discharged only 20,000 men, but it is understood that more will go in the very near future.

that no adequate representation of excitement can be conveyed by the figures available.

In the Copper Industry. Of the 15,000 men laid off in the Butte district, the Amalgamated Copper Company discharged 10,000. Columbia and Hecla has also considerably reduced its working force. In Bisbee, Ariz., the production has been reduced about 20 per cent, and working force to a similar extent. Many Utah people are working with some forces. In California, the Balkistan has likewise discharged a number of men. Green-Canaan, Mexico, camp has closed down temporarily after several thousand men. Large enterprises of Guaymas in Exploration Co. in the Yopacana district, Mexico City, have closed on account of low prices of copper.

Railroad Traffic Maintained. Railroad traffic has kept up all through the year's depression, but at first year earnings are beginning to decrease, following the lead set months ago by net profits. Extension and terminal work has been abandoned in many cases, but when money becomes easier most projects will be resumed. A detailed list of the reductions in railroad forces is not obtainable. It has been ascertained, however, that the roads entering Chicago have let 30,000 men go, and 14,000 is a moderate estimate of the discharges from other roads. Union Pacific has paid off 4,000 men. New Haven at least 2,500, Boston & Albany 1,500 Illinois Central 1,500. St. Paul 1,500 Rock Island 2,500, and Pennsylvania and New York Central several thousands each.

Fortunately the panic has passed, and corrective processes are now at work. Recovery, however, particularly in the industrial world, may be delayed. Indeed this phase of the situation seems likely to become worse before it becomes better, but the readjustment need not get beyond any sudden convulsions.

FOUND DROWNED IN WELL.

A Suspicious Tragedy Reported From Salisbury, New Brunswick.

Salisbury, N.B., Dec. 5.—Mr. C. Herman was found in a well near his home Monday by his husband. She did shortly after being brought out of the well, and strange evidence was given at the inquest. Herman was seen plunging about 100 feet and went to the barn for a wrench and on returning saw his wife protruding from the well. He pulled her out and she was taken to the house. Said he and his wife had quarrelled sometimes and the latter threatened to be hanged. Herman said that he had thought to take his wife's clothing to the laundry, and that he had held her by the throat. One witness said Mr. Herman returned enough to speak and "I fell into the well." Another said Herman said to his wife "I'll kill you" and then he went to the barn for a wrench. The jury brought in a verdict of death due to drowning. An attorney general's attention has been drawn to the matter.

Civil Pay Sheets Padded. Toronto, Dec. 5.—According to the evidence before Judge Winchester, a moderate estimate of the discharges from the city parks, the pay sheets of the employees in Riverside park have been padded.

GIANTIC SHOE SALE

STOCK MUST BE REDUCED \$6,000 BY JANUARY 1st.—THE REASON

Everyone understands that weather conditions have been unfavorable to the Shoe business this fall; fine enough to make the old ones do, or get them repaired. Now what we propose doing is to make prices so interesting that it won't pay to repair old shoes, when you can buy new stock at our cut prices. Look in our windows, they tell the story, come inside, we have loads of other lines we are prepared to sacrifice. Everything marked in plain figures. You can tell what you save on every purchase.

WE MEAN BUSINESS

It would not pay us to advertise in this way unless we were prepared to cut out our profits. We know it is done often, but that is not our style.

OUR NECESSITY IS YOUR OPPORTUNITY

Come expecting to get the best bargain you ever had in Shoes. You'll not be disappointed. Everything brand new. No old stock to clear out. No credit. Everything must be cash.

REFERS TO STOLYPIN AS RUSSIA'S HANGMAN

Characterization Caused Riot in Duma and Challenges to Duel — Offender Was Suspended.

St. Petersburg, Dec. 5.—"The Stolypin Nocturne," an expression by Feodor Rodtchikoff, the author of the constitutional democratic in the Duma yesterday afternoon to designate the summary regime of drunken court martial instituted by Premier Stolypin in August, 1906, and decreed out of existence by the second Duma last April, is the phrase on all lips in the capital. The phrase has already become historical and has completely blotted out the effect of the minister's declaration in subsequent debate and destroyed the complacency of the conservatives, restoring the tense atmosphere of the earlier Dumas.

Upon M. Stolypin, who in company with his colleagues, was sitting near to the speaker's tribune, the words fell as a thunderbolt, recalling the most painful incident of his career as premier. He turned deathly white, clenched the desk and stared motionless for several minutes at the unprecedented storm let loose by the reactionaries against him. Finally he left the chamber without uttering a word.

Stolypin Wants to Fight.

It is learned that to the ministers with him in the pavilion M. Stolypin announced firmly his decision to challenge M. Rodtchikoff to a duel and asked M. Chibergovskiy, the minister of justice, and Prince Yussulikhoff to act as his seconds. All efforts to dissuade the premier from this course were futile. The seconds named, however, are employing the utmost tact to forestall such an event, which would have shaken the entire government, approached M. Rodtchikoff and in delicate terms inquired what his intentions were toward the premier.

The tumult caused by M. Rodtchikoff's speech continued for half an hour during which the speaker was severely handled and carried away bodily by his supporters in a corner of the hall. The party leaders then entered into a long conversation, and it was made plain to the constitutional democrats that M. Rodtchikoff had meant no personal attack on the premier, but had been carried away by impetuosity. M. Rodtchikoff's supporters were disappointed and begged M. Stolypin's forgiveness.

Offender Is Suspended.

After an hour's intermission, during which the positions of the members subsided, the session resumed. M. Khokomoff, the president, sternly lectured the Rightist members and then proposed to suspend M. Rodtchikoff for fifteen sittings. The latter arose and said that he had had no intention of offending any one. He would let his words, however, appear on the records as spoken because he believed that they corresponded to the reality. The suspension was voted by 60 majority by the Left and the members of the Right. The constitutional democrats led by M. Milukoff, joined in the subsequent orations to tell

ly to the Duma's high regard for Pre-

Stolypin. The incident interrupted a speech of exceptional power and eloquence, M. Rodtchikoff making what is regarded as one of the greatest efforts of his life. His daring exposure of the Polish cause and his argument proving that the earliest Russian political ideals were democratic and not autocratic is considered to be the most masterly exposition heard within the walls of the Duma.

Hochelaga School Action.
Montreal, Dec. 5.—J. F. Anderson, father of the six-year-old, who perished in the Hochelaga school last winter, was awarded \$30 damages by the jury. The jury held that death was due to the negligence of the Protestant school board failing to equip the school with fire escapes, as required by city law, and in not protecting the fresh air from contamination by smoke. Sixteen other actions will follow by the parents who lost children in the fire.

Nurse to Inspect School Children.
Hamilton, Ont., Dec. 5.—Miss Emma F. Deyman, trained nurse, was appointed by the international management committee of the board of education last night to inspect the children of the public schools for the coming six months at a salary of \$250. Her duty will be to report all illnesses she is not capable of dealing with to the medical officer.

Bryan Should Be Leader.

New York, Dec. 5.—Out of seventy-six Democratic Senators and Republicans polled in Washington by the New York World, forty-four declare unequivocally that the recent statement of William J. Bryan that he is a candidate for the Democratic nomination for the Presidency, eliminates all other candidates. Practically all of them believe that he should run on a conservative platform, although there is a wide difference in opinion as to what that platform should be. Of those who do not consider that Bryan is the only man, only one Senator Ramo is definite in naming a candidate. He comes out full-blooded for Governor Johnson of Massachusetts.

Harrisburg Depot Burned.
Harrisburg, Dec. 6.—The Grand Trunk station at Harrisburg was burned to the ground early this morning. The fire was due to a lamp explosion. Two hundred dollars in the toll were lost. The building was an old landmark.

Wind Damages Saskatchewan Hotel.
Davidson, Sask., Dec. 6.—During a violent wind storm last evening the roof and chimneys of the Great West hotel, were blown off, and other buildings were damaged. The shock was like an earthquake. There were no casualties.

AROUND THE CITY

LOCALS.

The executive of the Edmonton Senior Hockey Club will meet in the Liberal Club-rooms at five o'clock to meet tomorrow.

A meeting of Mrs. A. McDougall's supporters will be held in the committee room in the Empire block on Saturday evening, November 25, at 8 o'clock, sharp.

Extensive improvements totaling up to about \$10,000, are being made to the Great West building, opposite the city hall. The work is being done by L. F. Kelley.

A man named William Pierce, for taking a license on the sidewalk was fined \$5 and costs at the police court this morning. The drunk was also given the same fine.

George H. T. Thompson, the newly appointed physical director of the Edmonton Y. M. C. A., has arrived in the city and assumed his duties in connection with that institution.

R. B. Chadwick, late secretary of the Y. M. C. A., has entered upon his duties as superintendent of the new reformatory and is making an investigation of the number of probable inmates of such an institution.

The first entertainment of the "Bell-Clarks" association will be held in Pythian hall, McDougall avenue, on Tuesday, Dec. 12, at 8 o'clock. All clerks in the city are cordially invited; a good programme has been arranged.

Yesterday a horse was found in a trench on Kintation avenue with a neck broken. It had carelessly been driven into the trench by a driver who was not known.

The Edmonton Ladies' Music Club will not meet this Saturday, as usual, but every number is requested to be present Saturday, December 10th. Fractious to be held in the new room, Howard avenue, at 4 p.m., and every Saturday during the season at the same room.

NEW YORK TO PARIS BY AUTO.

Commissioner Perry of the Royal Northwest Mounted Police, arrived in the city last night from his tour of the C.N.R. He is making a tour of the police barracks in the city and is making the tour for the purpose of estimating the cost of the improvements that will be made next summer. When interviewed by a Bulletin representative this morning he said: "I am just going around to the different barracks receiving and looking into reports from the different inspectors. This government purpose making large improvements to the barracks in Battledown, and in fact, nearly all the barracks will have more or less improvements made next summer."

It regards crime, there is just as much this year as last, but it is mostly of the petty variety and the country is becoming more thickly settled, the wrongdoers are becoming less and it is with the increase of crime that we have to deal principally.

My trip over the Red River and to believe that the money situation is improving.

The other day I was interviewed in Regina about the proposed automobile race from New York to Paris that is being promoted by the Paris Match. A New York paper wanted my opinion as regards the machine. It would be practically impossible. If an auto had wings it might fly there, but as for cars, it is absolutely out of the question. The distance from Edmonton to Dawson is 2,000 miles, and although a machine could get as far as Athabasca Landing and with the Peace River landing, the mountains, heavy loads, and many other things, it is a barrier that is unmountainable as far as automobiles are concerned.

The trail for the police, which is merely a bridge path, to Dawson, took three years to complete, and such a small as for automobiles would be an army of men years to build. If these desires of trying this trip could but see the mountains, the streams and muskeg, to cross the timber and bush through which a way would have to be hewn, they would gladly relinquish their idea of such a trip till some future date.

The commissioner, who is probably the best informed man in America on the subject, has travelled the proposed route himself, and his decision in the matter will undoubtedly be the greatest trip ever proposed for automobiles.

MCDUGALL MEETING.

A public meeting will be held in Neher's hall, East Jasper avenue, at 8 o'clock this evening, in the interest of Mrs. A. McDougall, mayoralty candidate. The East End Ratepayers' association will also hold a meeting in the same hall. Mr. McDougall will address the electors of the entire city and review Edmonton's early battles to establish and retain her place among the great cities of the west.

CALEDONIAN SOCIETY.

The annual dinner of the Caledonian society was held in the Mechanics' hall last night, when the election of officers for the current year took place. The office of president provided an exceptionally keen contest. The attendance was large. The officers elected were as follows:

President—J. H. Bell.

Vice-president—A. H. Allan.

Recording secretary—D. Edwards.

Financial secretary—Jas. Morris.

Treasurer—W. H. Wilson.

Chairman—J. R. Hetherington.

John M. Anderson, Pipe major—Tom Craig.

Standard bearer—T. Ferrier.

Mr. M. M. McLeod, secretary.

Outside guard—Mr. McLeod.

McLeod, Tweedie, Scott, Reddick.

AT THE THEATRE

THE VIRGINIAN.

The Fanning-Howard company, which opens the newly renovated Edmonton theatre this evening, comes to the city with an excellent reputation. They have played to record-breaking houses all up and down the coast, and also in the Canadian west. The opening bill will be "The Virginian," a drama true to western life, with comedy running all through it. It is one of the most successful plays on the road for the last four years. Mr. Frank B. Fanning, leading man with the company, has the distinction of being one of the few actors who have acted on the Pacific coast. Mr. Fanning plays the title role in "The Virginian," and from past and current notices the public of Edmonton will have the pleasure of seeing something out of the ordinary.

Mr. Fanning is supported by an unusually strong company. Miss Wanda Howard, leading lady with the company, though not very well known in the country, has an endless amount of acting ability.

"The Virginian" will be presented Friday and Saturday nights, with a special matinee Saturday afternoon.

REFINED ENTERTAINMENT.

The Kenney-Harvey entertainers last night proved one of the strongest attractions at the Edmonton opera house this year. They appeared under the auspices of the senior hockey club. A house full of enthusiastic greeted the entertainers and their every effort drew forth unstinted applause. Every one was delighted. Kenney-Harvey is one of the very best comic singers that has appeared in Edmonton, and he was only second to the great one who died at the age of 25. Kenney-Harvey was a favorite in her readings and in her films. Moore as soprano and accompanist, was equal to the best.

Hugh Hummer, who recently committed a grocery store on First street, leaves tomorrow with a thorough outfit and goes to the Atlantic coast. The outfit is owned by James McKernan, general telegraph agent at the Landing, and will be used during the winter for cutting timber.

To the Electors of the City of Edmonton.

Fellow ratepayers in soliciting your sympathy and vote at the forthcoming municipal election to be held December 12th we would place before you for consideration reasons which we consider adequate why we have responded to the call to duty and placed our services at the disposal of the East End Ratepayers' Association.

The Edmonton of our yesterday appears to have been divorced from the affections of our civic controllers and weanings of new love is too apparent everywhere westwards to the utter neglect and sacrifice of the East end section of the city interests, commercial and domestic.

It is our desire to remove growing symptoms of that divisional feeling, by pleading ourselves to undivided attention to the city as a whole, and whilst believing the necessities of the East end ratepayers we promise to use such moral supervisory oversight of all and every legitimate interests and movements as well as tend to satisfy the East and West and all sections within the city confines. We raise an objection to paved roads and sidewalks not along boulevards, rather do we admire them, and will use every means to further such developments, mindful always that the older and more thickly populated districts of the city are not so unattended to in the way of drainage, sidewalks, gas pipes, streets and lanes and extension of tramway to the more distant sections of the city, that residents may be brought from outlying districts to the more marketing centres.

We believe, to make a city beautiful we must make it healthy. Leader and leader are the city residents being heard from smaller owners and dwellers in the East End, the Fraser house and in fact all districts even to North end, of the dangerous state of the roads, sidewalks and absence of sewers. Property in those districts has been abandoned, and the corresponding improvements. Complaints from hundreds who have not become impatient of the professional habit of complaining but because fearance of the non-fulfillment of civic promises. There is a grief in the heart of the ratepayer who cannot see by far their estrangement which empty promises will expend the already strong feeling in the East end that their interests have been neglected.

Second—We are in favor of stricter sanitary supervision of the city at large. Enforcement of the law requiring cleanliness of back yards, streets, and burning of garbage and more attention to open closets by the city health department.

Third—We are in favor of wider distribution of the treasury's accounts, with more easily readable details and less lump sum of sundries, that the ratepayers generally may become more conversant with city income and expenditures.

Fourth—We are in favor of a mere majority of ratepayers of any district by petition demanding real necessary local improvements. We are equally willing to non-residents (as at present) having power to veto resident ratepayers' will.

Fifth—We are in favor of a fair wage clause inserted in all city contracts that unfair and injurious estimating may be abolished.

Sixth—We are opposed to high inflation of the city assessment, believing as we do that inflation means a detriment to the city becoming that commercial center of manufacturing importance it is ultimately destined to occupy.

Seventh—We are in favor of municipal ownership of all public franchises and utilities, except when popular votes declare to the contrary.

Signature of adopted candidates: DR. E. J. LANE, J. H. KENNEDY, D. R. FRASER, G. S. ARMSTRONG, W. H. CLUGG.

WANDERERS' PRACTICE.

Manager Joe Delaney, of the Wanderers, announces a practice to be held at Schaffer's rink on Monday evening, at 8 o'clock. At that practice Manager Delaney will receive applicants to join the Wanderers, and will give all comers a try-out. He expects there will be no dearth of material. At least he has a line on a number of the local boys.
